

## FRAGRANCE FAN

Our fragrance fans are installed in commercial restrooms and first impression areas (lobbies, waiting rooms, hallways, conference areas, etc.) Our system contains Metazene which actually eliminates odors and not simply mask them. With over 50+ fragrances from strong, medium, light to odorless we can meet any customer's needs or wants, while making sure they never experience "nose fatigue."

## Features & Benefits

Our fragrance fan's features include the following:

- White or black exterior
- 100% polypropylene
- Modern styling
- Unique living hinge
- Locking device
- More than 50 fragrance wafer options
