DINAMIC OR+

THE ULTIMATE PROCEDURAL SOLUTION

Finally, a Customizable Back Table Solution that will Optimize Your OR.

COMPLEX PROBLEMS IN THE OR

Inconsistent Setups Cause Errors and Waste Time

Staff Turnover

Onboarding & Knowledge Transfer

Setup & Break Down Time with Lack of Workspace

Tray & Instrument Inventory Issues

Increased Demand for OR Time

THE DINAMICOR FORMULA

EFFICIENCY

33% TIME REDUCTION

SAFETY

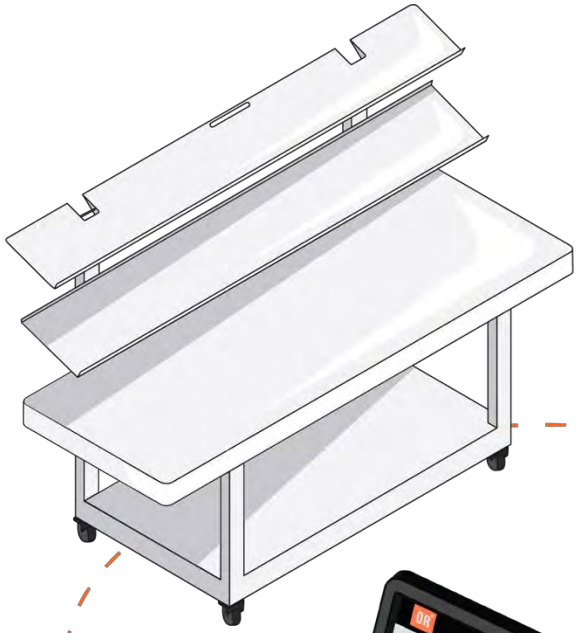
88% DECREASED TRAY MOVEMENTS

EDUCATION

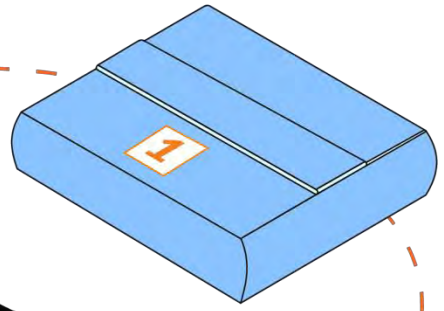
PROVIDE JUST-IN-TIME TRAINING FOR SURGICAL TECHS

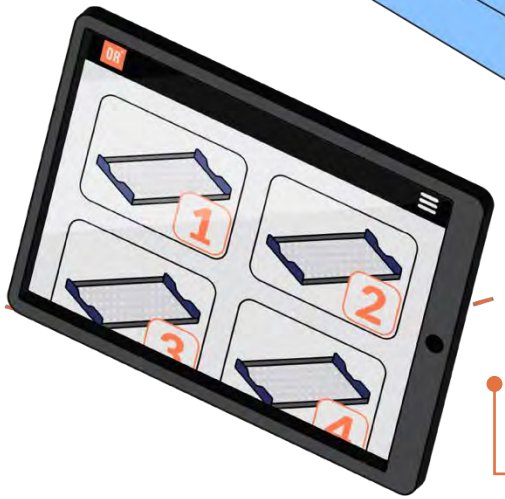
A THREE COMPONENT SOLUTION

Adjustable Back Table



Durable Drape



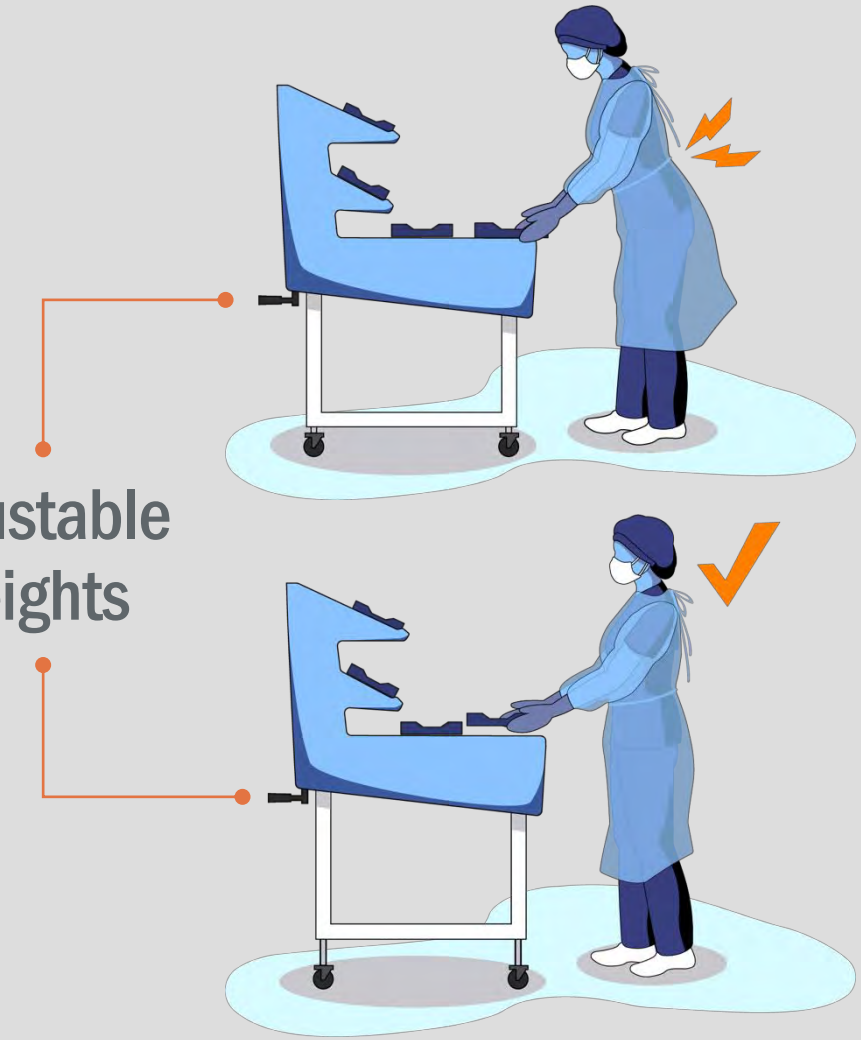


Workflow Management App

EXPLORE THE
4-IN-1
BACK TABLE

PRIORITIZE ERGONOMICS & SAFETY

Configurable Shelves



Adjustable Heights

4-TABLES-IN-1

Ergonomic Excellence: Enhancing Performance

Prioritize your surgical team's well-being. Our back table features a 6″ adjustable height range, reducing the risk of staff injuries and ensuring top-tier patient care.

Multi-Tiered Organization: Elevate Instrument Visibility

Choose from our two sizes – double wide, fitting up to 8 trays, or triple wide, accommodating up to 12 trays. With multiple tiers, our back table offers up to 92% instrument visibility.

Adaptive Design: Redefine Efficiency

Our back table's 4-in-1 configuration allows you to adjust shelf positions, catering to the unique needs of different procedures.

AVAILABLE IN TWO-SIZES

TRIPLE WIDE

Full Table
Dimensions: 68.0”L x 28.3”
Height Range: 49” - 55”

Main Surface
Dimensions: 68.0”L x 26.3”D
Height from Floor: 30” - 36”
Weight Capacity: 300lbs

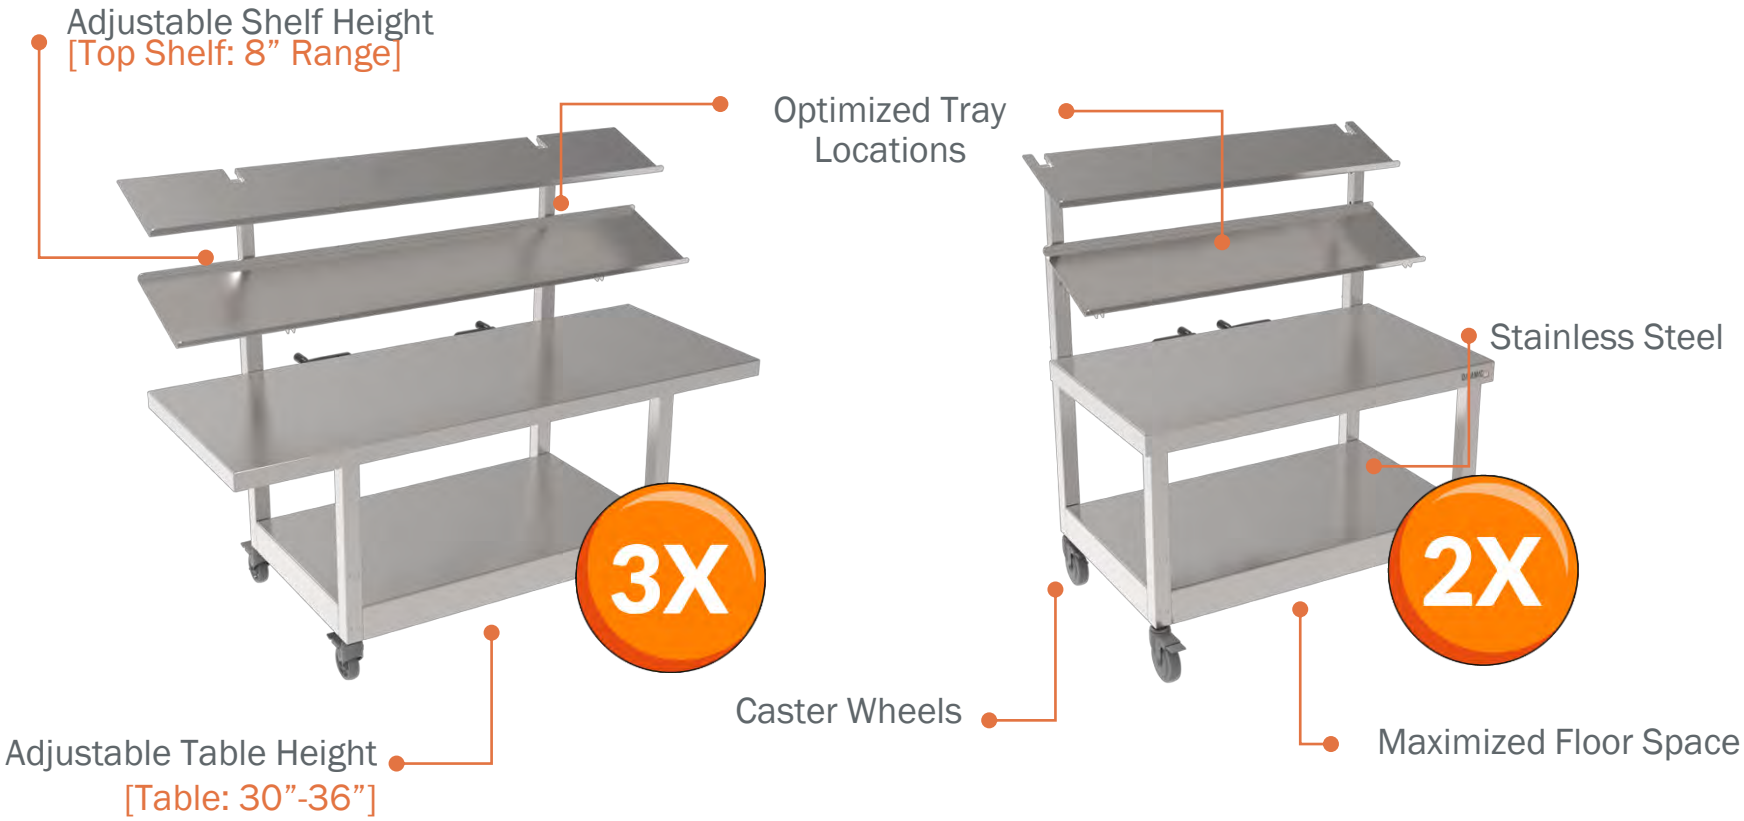
Angled Surfaces
Top Shelf: 68.0”L x 11.3”D
Middle Shelf: 68.0”L x 12.3”D
Weight Capacity: 150lbs

DOUBLE WIDE

Full Table
Dimensions: 45.5”L x 28.3"D
Height Range: 49” - 55”

Main Surface
Dimensions: 45.5”L x 26.3”D
Height from Floor: 30” - 36”
Weight Capacity: 300lbs

Angled Surfaces
Top Shelf: 45.5”L x 11.3”D
Middle Shelf: 45.5”L x 12.3”D
Weight Capacity: 150lbs

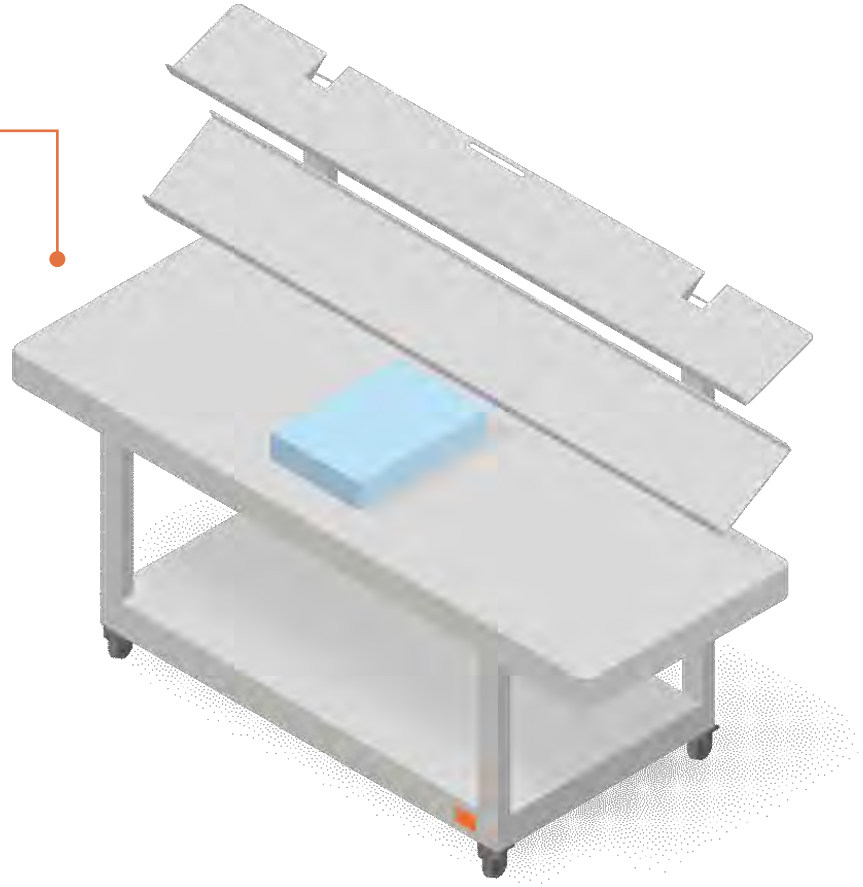


RELY ON THE CUSTOM FITTED DURABLE DRAPE

DURABLE & EASY TO INSTALL

EASY TO INSTALL

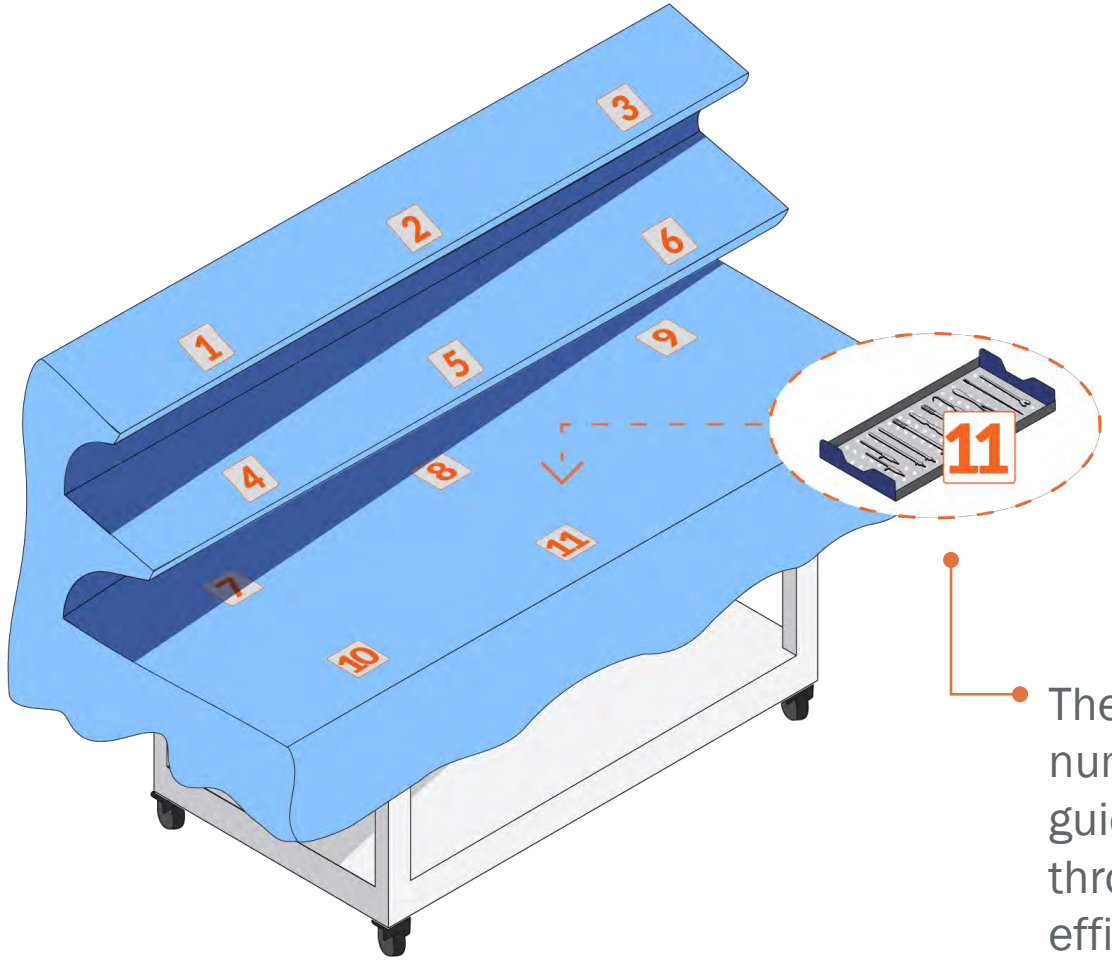
Customized wire tape
for a snug and secure



THICK NON-TEAR FABRIC

The thickest drape on
the market

NUMBERED PLACEMENT ICONS



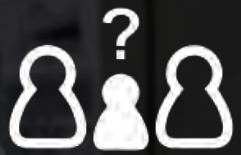
The drape features numbered placement icons, guiding your surgical team through repeatable and efficient tray setups.

MEET THE WORKFLOW MANAGEMENT APP

ADDRESSING THE STAFFING CRISIS

Delayed Procedures

Increased Workload



Staffing Gaps

Limited Onboarding

Risk of Errors

Lack of Training

EMPOWERING EDUCATION & EFFICIENCY

- Customize procedures for smoother workflows
- Share knowledge with documented workflows
- Simplify staff onboarding
- Ensure accurate instrument placement with a reference database
- Reduce risk by verifying instrument availability

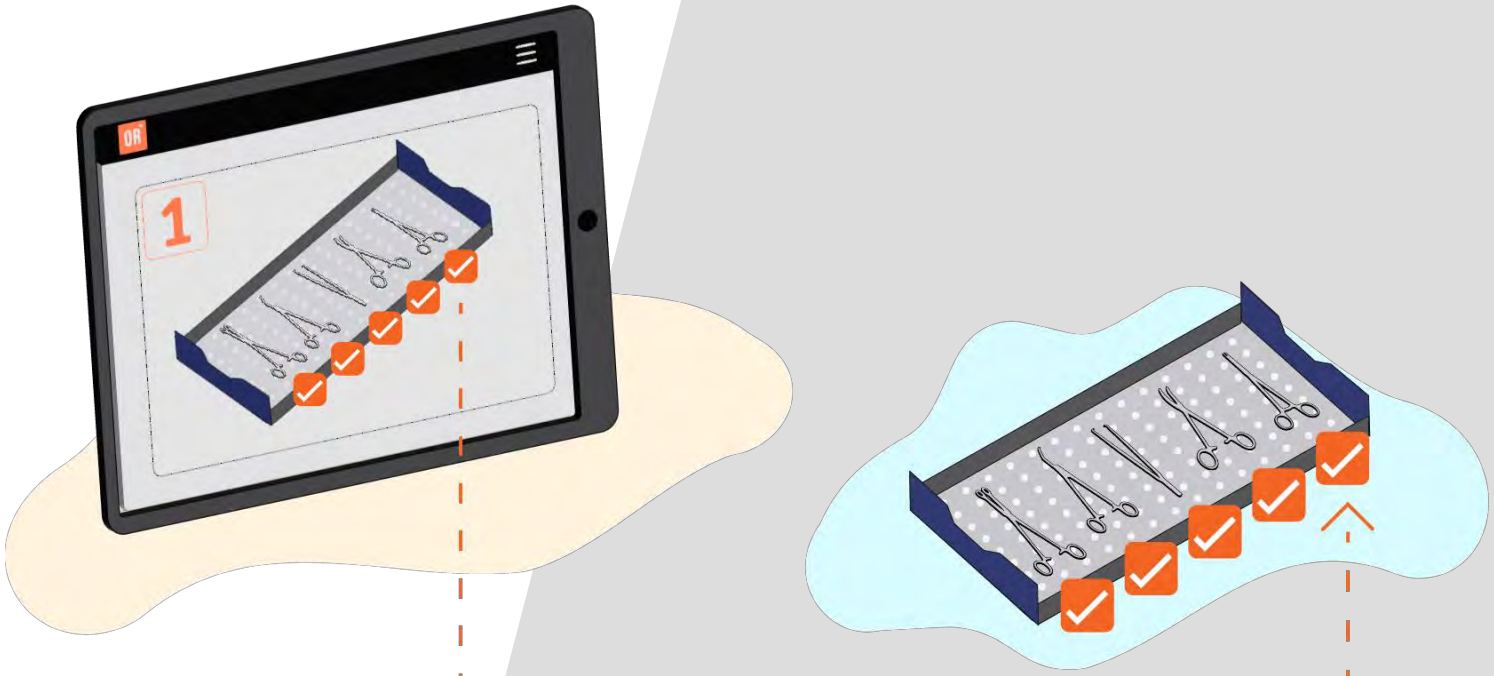


TABLE SETUP MODE: Placement & Verification

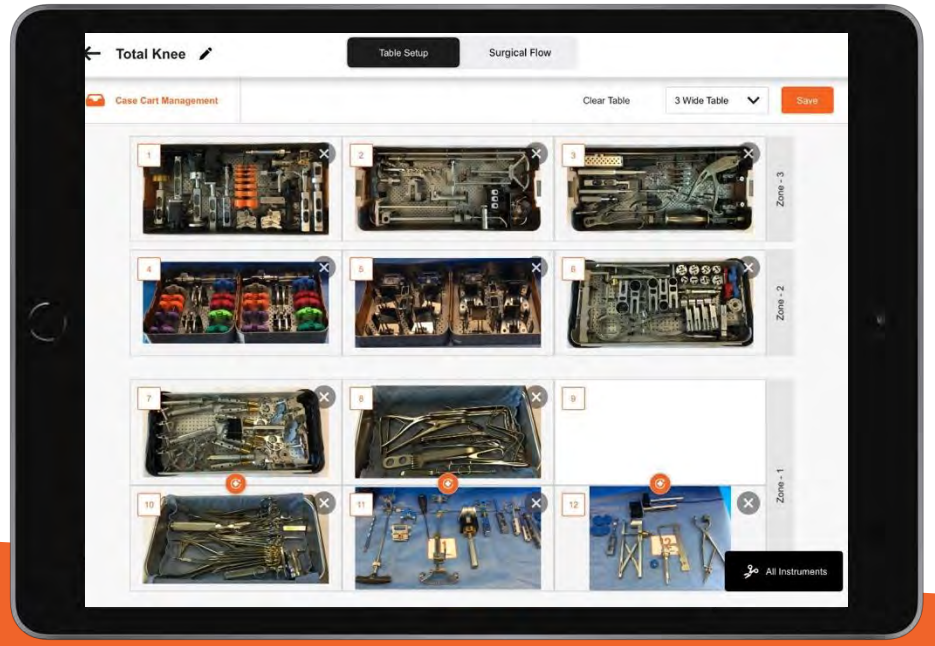
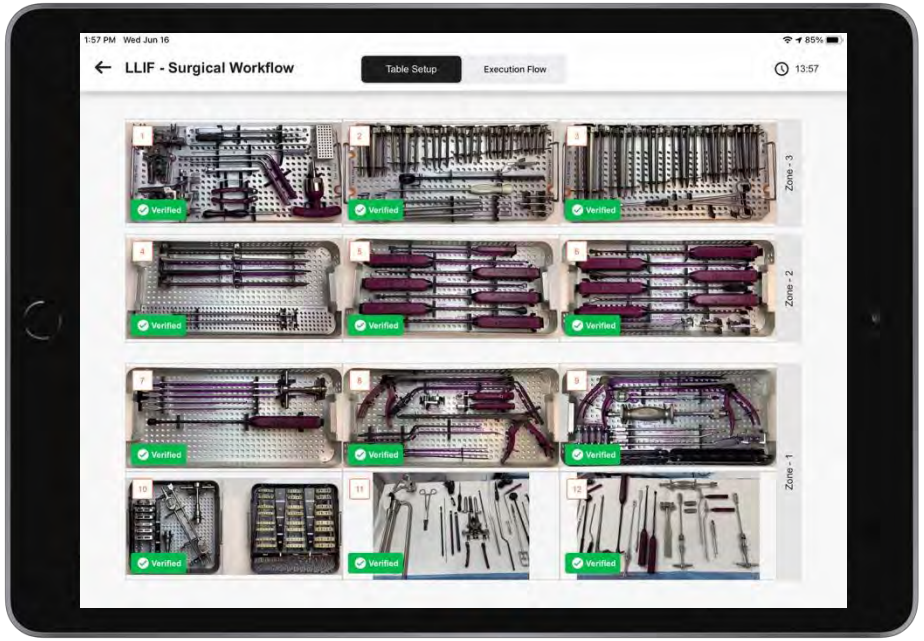




RISK MITIGATION

Verify all necessary equipment is in the room prior to starting the case.

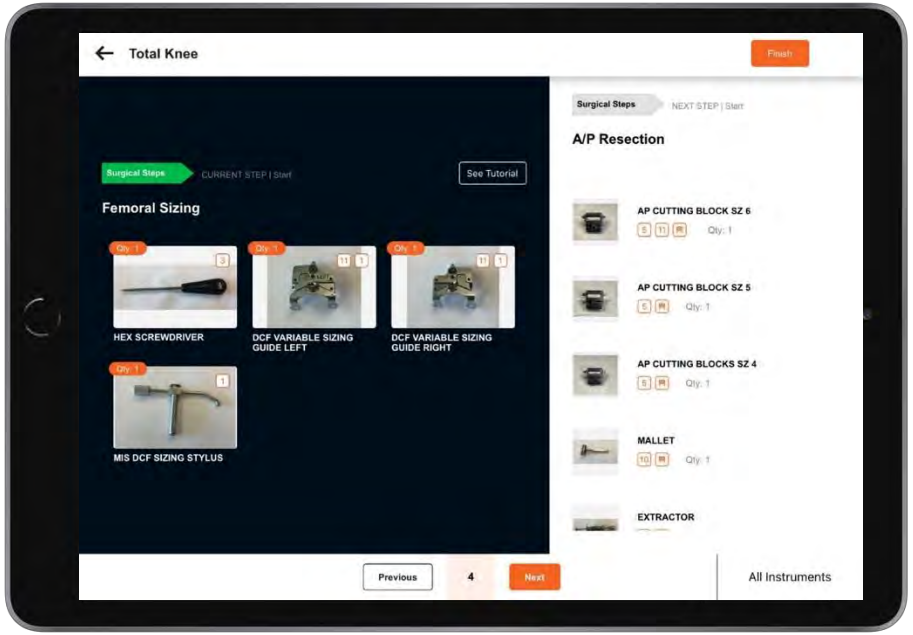
IMPROVE EFFICIENCY

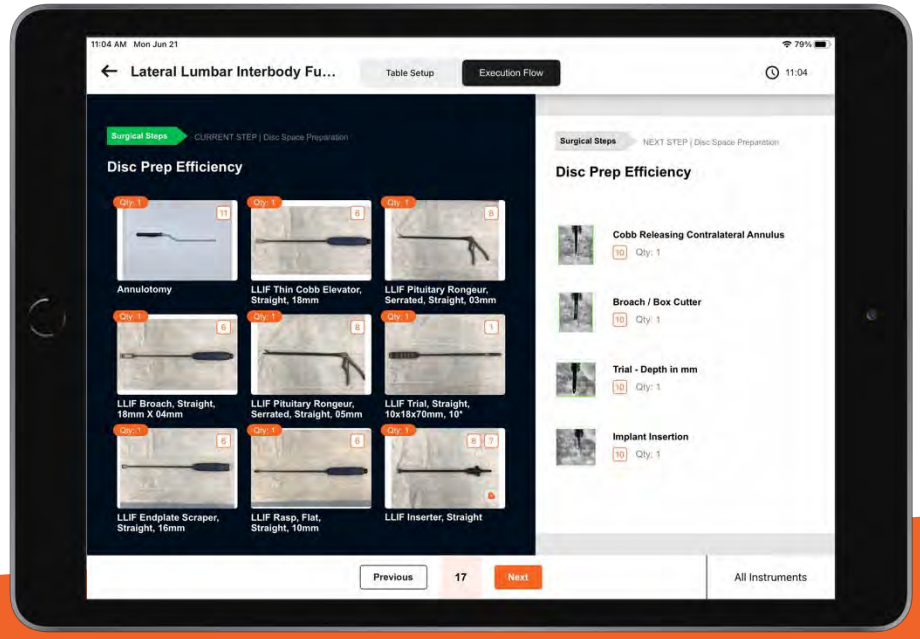
The DinamicOR+ App's guided walkthroughs reduce setup time by up to 33 percent.

REPEATABILITY

Set up the back table the same way every time no matter who is in the room.

SURGICAL WORKFLOW MODE: Onboarding & Education





SURGICAL CHECKLISTS

Provide staff just in time education during the case

TIME SAVINGS

Guides staff through every step of setup. Complex and unfamiliar procedures can be mapped and planned to reduce OR errors.

PROCEDURAL SEQUENCING

Plan every procedure to have the exact needed instruments every time, ensuring fast and reliable setup.

CUSTOMIZED INTEGRATION INTO YOUR OR

STANDARD SETUP

DINAMICOR SETUP

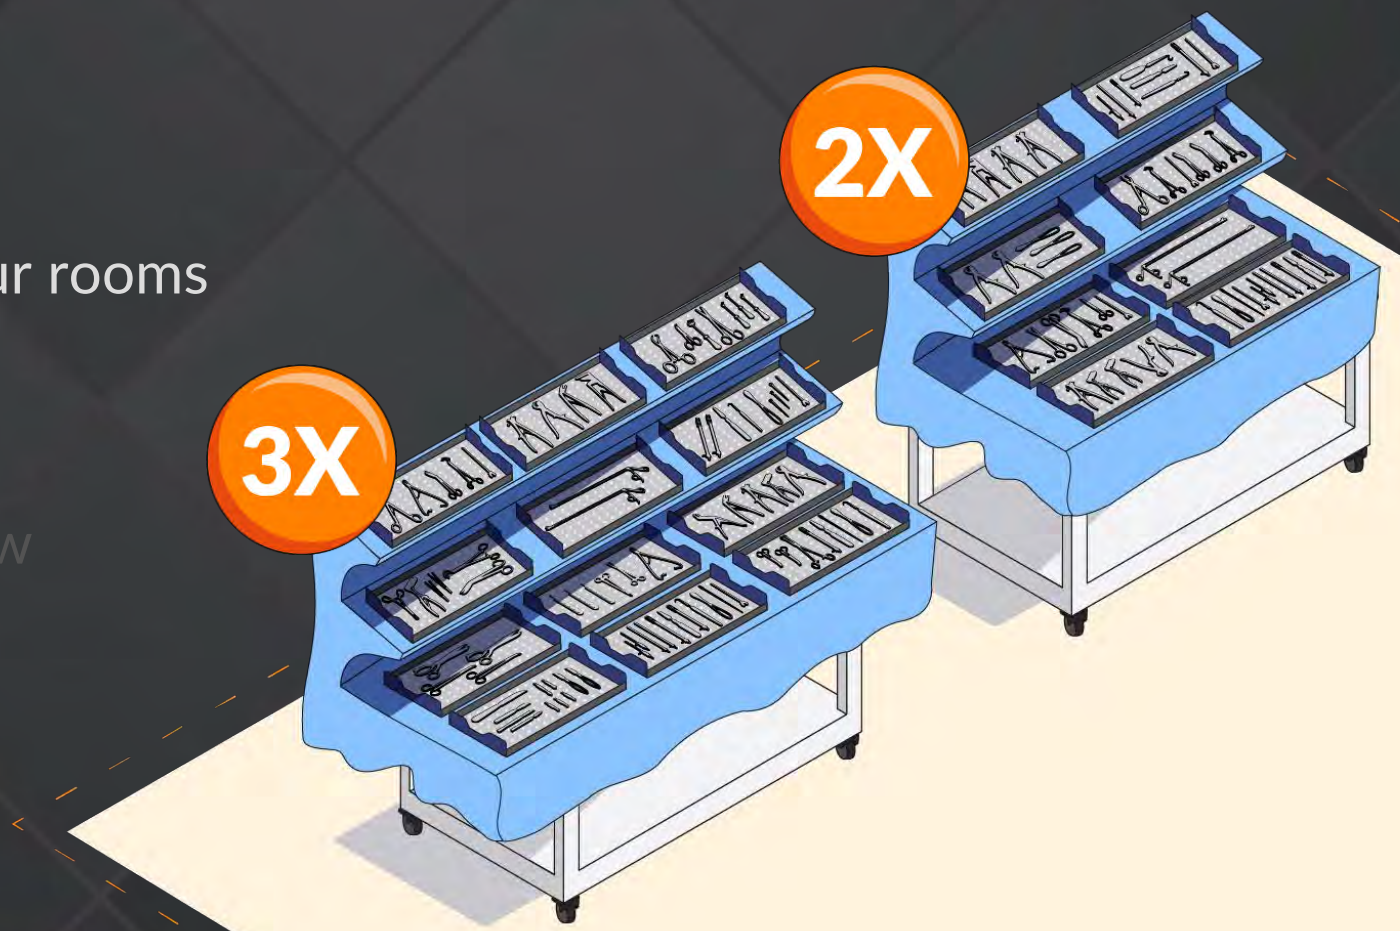
IMPLEMENTATION

Step 1 + DinamicOR Table & Drape

- Customize the right tables for your rooms

Step 2 + App with Table Layout

Step 3 + App with Surgical Workflow



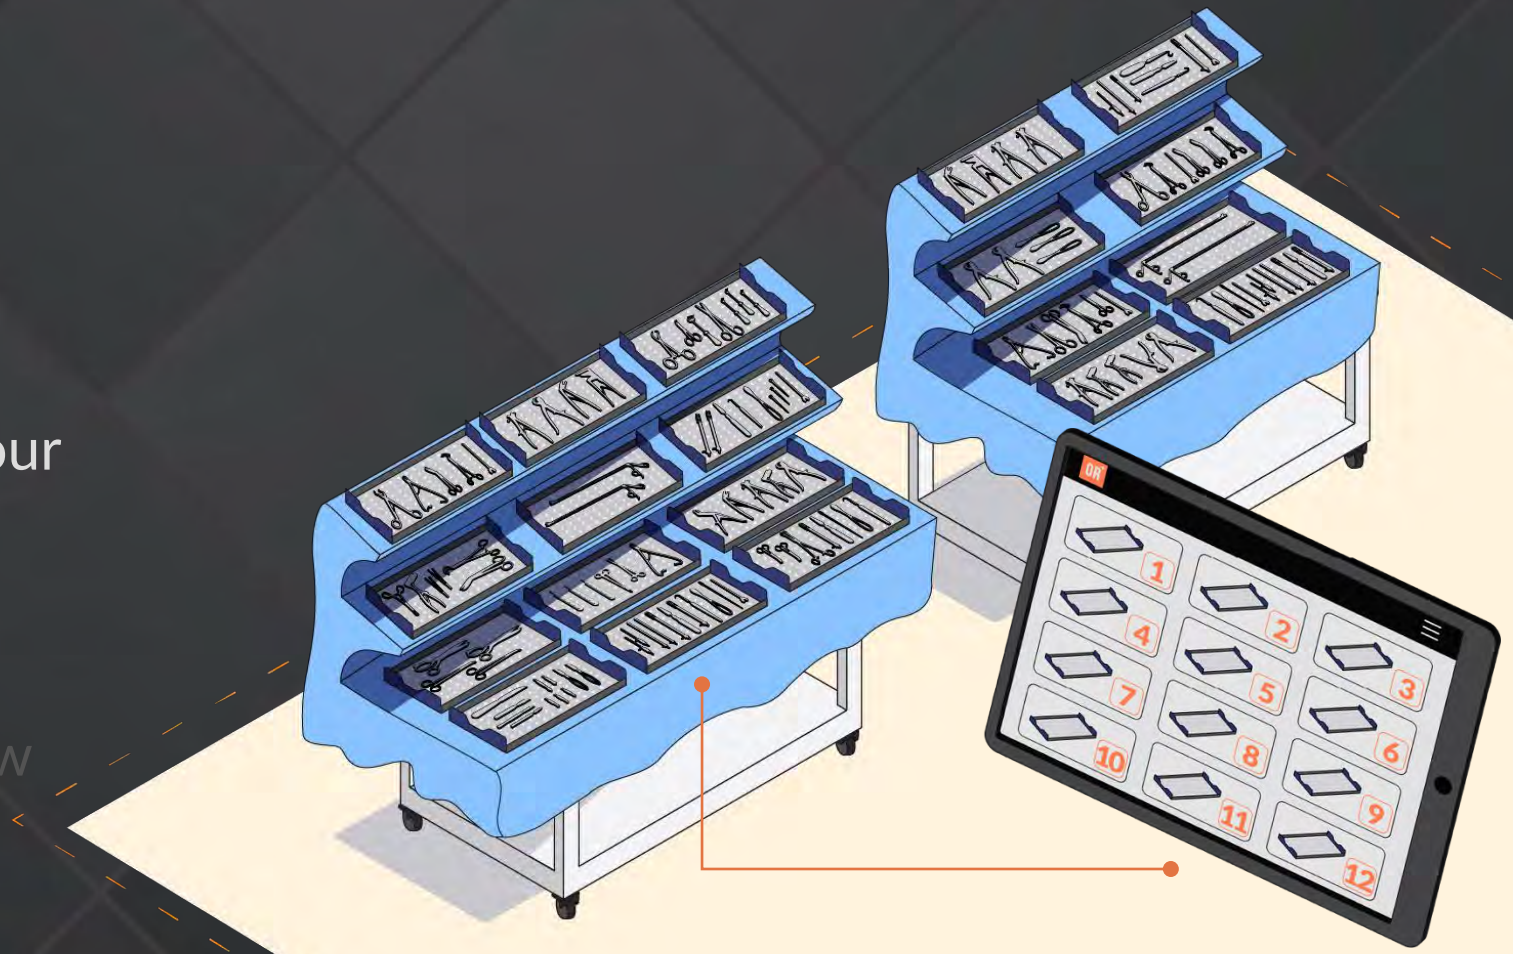
IMPLEMENTATION

Step 1 + DinamicOR Table & Drape

Step 2 + App with Table Layout

- Integrate with the App to build your unique library of table setups for each procedure

Step 3 + App with Surgical Workflow



IMPLEMENTATION

Step 1 + DinamicOR Table & Drape

Step 2 + App with Table Layout

Step 3 + App with Surgical Workflow

- Click through surgeon specific workflows for efficient onboarding & education

CUSTOMER REPORTED BENEFITS
