

MEDAMA SUPER SHIELD EXTRA Green

Cleans • Cleanses • Burnishes • Repairs & Restores

MEDAMA SUPER SHIELD EXTRA Green is a complete installation, maintenance and repair floor care system. Each case includes GHS compliant secondary bottle with sprayer.

Directions

Step 1 - Vacuum or Dust Mop to remove “Loose Dirt” and dust.

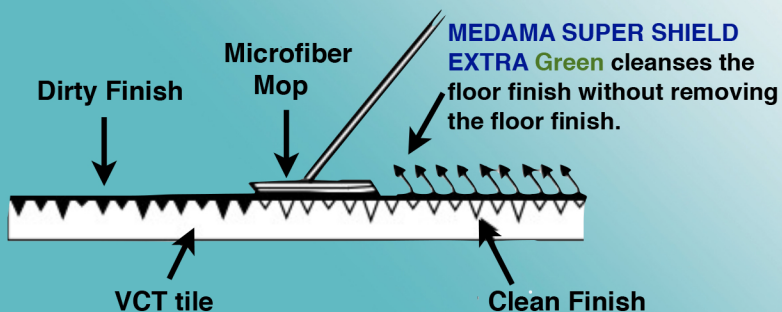

Step 2 - Mop or Scrub as needed to remove “Stuck Dirt” with MEDAMA SUPER SHIELD EXTRA Green diluted at 2 oz. per gallon cold water. If using scrubber, for best results wash floor with a hair pad.

Step 3 - Burnish, as scheduled. (Follow quart bottle label directions) Repair “Embedded Dirt” as needed when burnishing with MEDAMA SUPER SHIELD EXTRA Green.

Step 4 - Vacuum or dust mop to remove the dry, dirt crystals created when burnishing.

Benefits

- Sustainable
- Self Removing
- GREEN Certified
- Will not remove the floor finish
- Helps to eliminate stripping
- Works with all speed machines
- Removes “Embedded Dirt” from the floor finish without removing the floor finish.
- Hardens the existing floor finish to resist future soil penetration.
- Separates Dirt from Water
- Exceeds ASTM-D Safety Standards
